HeartFelt®
The Ceiling that had to be made

HeartFelt® is available in 7 grey shades, 5 earth tones and 3 panels sizes ranging from 55 to 105 mm height.
HeartFelt® is available in 7 grey shades, ranging from white to black and in 5 earth tones. The proportion of the coloured and white PES fibers determines the colour of the panels. Therefore colours may differ from presented samples.

HeartFelt® is a linear ceiling system with open joints made of non-woven thermoformed PES fibres.
